K-Stop® Flamestop 60

Safety Data Sheet

Although the REACH Regulation does not require a Safety Data Sheet (SDS) to be provided for this product because it is not classified as hazardous, this SDS has been prepared to reflect the requirements as set out in Annex II of Regulation (EU) 2020 / 878, amending REACH Regulation (EC) No. 1907 / 2006.

1 Identification of the Substance / Mixture and Company

1.1 Product Identifier

Kingspan K-Stop® Flamestop 60.

1.2 Relevant Identified Uses of the Substance or Mixture and Uses Advised Against

Medium temperature thermal protection.

1.3 Details of the Supplier of the Safety Data Sheet

Company Name: Kingspan Technical Insulation Ltd
Company Address: Harvey Road, Burnt Mills Industrial Estate, Basildon, SS13 1QJ, UK.
Tel: +44 (0) 1457 890400
Email: sales.pfp@kingspan.com

1.4 Emergency Telephone Number

Telephone: +44 (0) 1524 388 898

2 Hazards Identification

2.1 Classification of the Substance or Mixture

Continuous filament glass fibres are not classified as hazardous according to Regulation (EC) No 1272 / 2008 on classification, labelling and packaging of substances and mixtures (CLP), as amended.

2.2 Label Elements

Hazard pictogram:

Signal word: WARNING.

Hazard statements: H315 Causes skin irritation.
H319 Causes serious eye irritation
H335 May cause respiratory irritation.

Precautionary statements: Not applicable

2.3 Other Hazards

Physical / Chemical Hazards: During processing, glass fibres may become airborne, which can cause mild skin irritation and respiratory irritation.

Health Hazards: If dust is generated, it could cause minor mechanical irritation to the respiratory tract and may cause temporary irritation or rash on skin. May also cause temporary irritation or inflammation on eye contact. When heated, the vapour fumes given off may cause respiratory tract irritation.

Environmental Hazards: No significant hazards. Material does not meet the criteria for PBT or vPvB in accordance with REACH Annex III.

3 Composition

3.1 Substance Information

Not applicable.

3.2 Mixtures

This material is defined as a mixture.

Description of Mixture: Woven Glass Fibre Textile (weavelocked).

Hazardous

Ingredients:

| Ingredient name | Maximum weight (approx %) | CAS # | Classification, Labelling and Packaging Regulation (EC) No. 1272 / 2008) |
|--|---------------------------|------------|--|
| Oxides of silicon, aluminium, calcium, boron magnesium fused in an amorphous, vitreous state | 96 | 65997-17-3 | Not a hazardous substance or preparation |
| PVA aqueous copolymer dispersion | 4 | None | Not a hazardous substance or preparation |

4 First Aid Measures

4.1 Description of First Aid Measures

- General:** In all cases of doubt or when symptoms persist, seek medical attention.
- Inhalation:** Remove to fresh air, drink water to clear throat and blow nose to evacuate fibres.
- Skin:** Wash skin thoroughly with soap and water.
- Eye:** Contact lenses should be removed. Irrigate copiously with clean, fresh water for at least 15 minutes holding eyelids apart, and seek medical advice.
- Ingestion:** Ingestion is not a likely route of exposure. However, if accidentally ingested, rinse mouth to help remove dust or fibres. Fibres may be harmful if swallowed and enter airway. Seek medical attention.

4.2 Most Important Symptoms and Effects, Both Acute and Delayed

No specific symptoms expected from the product itself. However, during processing, dusts and / or fibres may be generated that can cause mild skin irritation and respiratory irritation. Mechanical eye irritation may also occur. When heated, the vapour fumes given off may cause respiratory tract irritation.

4.3 Indication of Any Immediate Medical Attention and Special Treatment Needed

The need to have special means for providing specific and immediate medical treatment available in the workplace is not expected.

5 Fire-Fighting Measures

5.1 Extinguishing Media

Recommended: Water, dry chemical.

5.2 Special Hazards Arising from the Substance or Mixture

None known.

5.3 Advice for Fire-Fighters

Use standard body and respiratory protection for fire fighting.

6 Accidental Release Measures

6.1 Personal Precautions, Protective Equipment and Emergency Procedures

Release of this product is not expected to pose risk under normal circumstances.

6.2 Environmental Precautions

Do not allow to enter drains, waterways, sewers, basements or confined areas. If the product enters drains or sewers, the local water company should be contacted immediately. In the case of contamination of streams, rivers or lakes, contact the relevant Environment Agency.

7 Handling and Storage

7.1 Precautions for Safe Handling

Minimise airborne dust. Wear an approved mask or respirator if dust concentration exceeds local control limits or dust concentration is not known.

7.2 Conditions for Safe Storage, Including any Incompatibilities

No special requirements.

7.3 Specific End Uses

See section 1.

8 Exposure Controls / Personal Protection

8.1 Control Parameters

| Substance | Occupational Exposure Limits | Notations |
|----------------------|------------------------------|-----------------------|
| Glass fibre (E type) | 5 | Total inhalable dust |
| | 2.4 | Total respirable dust |
| | 10 | ACGIH TLV |

8.2 Exposure Controls

| | |
|-------------------------|---|
| Engineering measures: | Presence of dust-handling systems is recommended to minimize dust generation and accumulation. |
| Respiratory equipment: | Appropriate respiratory protection if necessary. |
| Skin & hand protection: | Wear suitable long sleeved clothing and sensitive individuals may need to wear gloves. |
| Eye protection: | Sensitive individuals may need to wear goggles. |
| Personal protection: | Personal protective equipment is recommended, in particular if material is hot, to avoid thermal burns and irritation from fumes. |
| Environmental controls: | Protect the environment by applying appropriate control measures to prevent or limit emissions. |

9 Physical and Chemical Properties

9.1 Information on Basic Physical and Chemical Properties

| | |
|--------------------------------|-----------------|
| Physical state: | Woven fabric. |
| Odour: | Odourless. |
| Colour: | White. |
| Flash point: | Not applicable. |
| Specific gravity: | 2.54. |
| Melting point / melting range: | 800°C (1472°F). |

9.2 Other Information

No further chemical or physical properties to report.

10 Stability and Reactivity

10.1 Reactivity

No data available.

10.2 Chemical Stability

The product is stable.

10.3 Possibility of Hazardous Reactions

Under normal conditions of storage and use, hazardous reactions will not occur.

10.4 Conditions to Avoid

No hazardous reactions when used as directed.

10.5 Incompatible Materials

Basic phosphates, alkalies, hydrofluoric acid.

10.6 Hazardous Decomposition Products

Small amounts of oxides of carbon may evolve on heating above 400°C.

11 Toxicological Information

11.1 Information on Toxicological Effects

- Ingestion: May be harmful if swallowed and enters airways.
- Skin: Prolonged contact may cause slight skin irritation with local redness.
- Eye: Mechanical irritant to eyes.
- Sensitisation: Pre-existing upper respiratory and lung diseases may be aggravated.
- Inhalation: Dusts and / or fibres may be generated that can cause respiratory irritation. When heated, the vapour fumes given off may cause respiratory tract irritation.

11.2 Information on Other Hazards

No additional information is available.

12 Ecological Information

- 12.1 Ecotoxicity
Not regarded as dangerous for the environment.
- 12.2 Persistence and Degradability
Glass fabrics are not readily biodegradable.
- 12.3 Bio-accumulative Potential
Not known.
- 12.4 Mobility in Soil
Not known.
- 12.5 Results of PBT and vPvB assessment
Not known.
- 12.6 Endocrine Disrupting Properties
None known.
- 12.7 Other Adverse Effects
None known.

13 Disposal Considerations

- 13.1 Waste Treatment Methods
Dispose as solid waste according to local regulations.

14 Transport Information

- No special requirements.
- 14.1 UN Number
Not applicable.
- 14.2 UN Proper shipping Name
Not applicable.
- 14.3 Transport Hazard Classes
Not applicable.
- 14.4 Packing Group
Not applicable.
- 14.5 Environmental Hazards
Not classed as marine pollutant.
- 14.6 Special Precautions for User
None specified.
- 14.7 Transport in Bulk According to Annex II of MARPOL73 / 78 and the IBC Code
Not applicable.

15 Regulatory Information

- 15.1 Safety, Health and Environmental Regulations / Legislation Specific for the Substance or Mixture
No labeling is required for this material under the European Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labeling and packaging of substances and mixtures (CLP) and its subsequent amendments.
EU Regulations (EC) No. 1907/2006 (REACH) Annex XIV - List of substances subject to authorisation
- Annex XIV: None of the components are listed.
 - Substances of very high concern: None of the components are listed.
- 15.2 Chemical Safety Assessment
A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.

16 Other Information

Document issue Issue Number 1. 08 / 2025.
number and date:

The information contained herein is based upon information available at the last issue date. The user must verify the suitability and completeness of the information in relation to the specific use of the product. This document must not be considered as a guarantee of any specific product property. Recommendations for use should be verified by the user as to the suitability and compliance with actual requirements, specifications and any applicable codes, laws and regulations. Kingspan Technical Insulation Ltd is not responsible, nor accountable, for improper use of the product by the user.
